Bubble Jet Printer

The ultra versatile, direct photo printer

Professional photo quality, quickly and simply

For PC-free photo printing, direct from memory cards or any compatible digital camera, the i905D gives you far greater freedom. This ultra flexible printer provides ultimate photo quality, extensive photo features and comes with creative software applications. Delivering eye-catching prints that you can present with pride.

CONNECT

**Simply plug in a compatible memory card into the built-in card reader slot.
Or connect your PictBridge or Bubble Jet Direct compatible camera to the i905D.**

DIRECT PHOTO PRINTING
WITH PICTBRIDGE SUPPORT

Enjoy extra easy and almost instant photo development. Simply print direct from all popular memory cards as well as any compatible PictBridge or Bubble Jet Direct digital camera or camcorder. A colour LCD viewer, with an easy to use interface, lets you view, select and choose the print settings for your favourite photos before printing - for straightforward control without even using a PC.

**Conventional/

**Advanced MicroFine
Droplet Technology™**

Traditional ink jet printing systems may deliver droplets of irregular placement and shape. Canon's advanced MicroFine Droplet Technology™ improves the control process for droplet ejection, delivering consistent drops with exact form and placement.

OUTSTANDING PHOTO LAB QUALITY

Benefit from exceptional colour quality and depth for all your prints. A six ink printing system, high colour and 1/6 density photo inks, ensures a flawless finish. There's an ultra high 4800 x 1200 dpi[1] resolution, thanks to Canon's advanced MicroFine Droplet Technology™ and 2 pl Micro-Nozzles. Delivering natural looking results, consistently.

FAST BORDERLESS PRINTING, CONVENIENT FEATURES

Make use of fast, borderless printing on A4, 5" x 7" and 4" x 6" formats for ready-to-frame prints. Time-saving speed lets you print a 4" x 6" photo in only 49 seconds. A dedicated photo paper tray avoids the need to switch paper constantly. Plus you can print directly and easily onto CD-R/DVD disks, instead of using messy labels.

SINGLE INK TECHNOLOGY

With individually replaceable ink tanks for all colours, Canon's Single Ink technology ensures all ink is used - to eliminate waste and cut down on your costs.

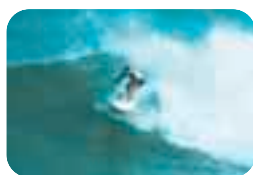

SELECT

Select the layout and number of prints on the integrated LCD viewer with the easy to use interface.

PRINT

Press 'print' and within seconds your photo is ready, without the need for a PC
